

## Volunteer Drain Marker Program Stormwater

Materials Provided by the Town of Jamestown:

Drain Markers  
Adhesive caulking and caulk gun  
Bucket for carrying tools  
Whisk broom  
Gloves and trash bags  
Safety Vest

### **IMPORTANT INFORMATION**

#### **NEVER STAND IN THE STREET WHILE INSTALLING DRAIN MARKERS.**

You will need to work from behind the curb while installing the drain markers.

**NEVER WORK ALONE.** Always have a partner when installing drain markers.

#### **Instructions for Installing Drain Markers**

1. Use gloves to pick up trash or debris at inlet of catch basin and put in trash bag.
2. Use whisk broom to sweep off top of catch basin for caulk to adhere to surface.
3. Apply caulk to back of drain marker. Apply bead of caulk around perimeter of marker and place an "x" in the center.
4. Place the drain marker at the center of the catch-basin lid (facing towards the street).
5. Pick up any remaining trash or materials around the catch-basin.
6. At the end of the day, properly dispose of all trash collected while installing the drain markers.
7. Return all unused drain marking materials to the Jamestown Town Hall,  
301 E. Main Street, to Martha Wolfe.
8. Return a written list of the addresses of drain markers installed to Martha Wolfe, Town Clerk, Town Hall, 301 E. Main Street, Jamestown, NC

***THANK YOU FOR VOLUNTEERING OF YOUR TIME TO MAKE  
THE TOWN OF JAMESTOWN A CLEANER PLACE TO LIVE.***
